ABOUT ME

- Motivated and adaptable with a strong passion for coding, programming, and problem-solving.
- Skilled in developing and implementing creative solutions while learning new technologies.
- Highly organized and capable of managing projects independently or within a team.
- Eager to take on new challenges and improve efficiency in any task.
- Actively seeking work experience (paid or unpaid) to develop skills and gain experience.

EDUCATION

LEEDS BECKETT UNIVERSITY: 09/24 – CONT

Currently in 1st Year of BSc (Hons) Cyber Security studying programming, digital forensics, ethical hacking and penetration testing and databases

BRIGHTON HOVE SIXTH FORM COLLEGE (BHASVIC): 09/22 – 07/24

Two A-Levels including History and Physics and a Distinction in National Extended Certificate in Computing (Games, Apps and Encryption) BTEC Level 3

LANCING COLLEGE: 09/19 – 07/22

9 GCSE's including 7's in Maths, English, History and Geography and Grade 8/7 in Combined Science. Achieved Duke of Edinburgh Bronze Award and ABRSM Grade 2 in Trombone

INTERESTS AND ACTIVITIES

TECHNOLOGIES -- Passionate about coding and learning new languages, showcased in [this GitHub repo](#). Currently exploring app development with plans to launch my first app on Google Play. Recently built [my personal website](#) using HTML, CSS, and JavaScript, highlighting my web development skills. Highly proficient in various computing tools and technologies, with experience in Excel for data analysis and automation. Skilled in multiple programming languages and frameworks, with a strong understanding of Active Directory and Group Policies.

TENNIS -- A high performing tennis player competing at county level, representing my county in junior and senior categories. Achieved a career-high national ranking of Top 130 (U18) and Top 300 (senior). I am currently a member of the All England Lawn Tennis Club. Tennis has shaped my resilience, strategy, and performance under pressure. In 2022, I achieved the LTA Young Person of the Year Award regionally for London & South-East. This highlighted my hard work and commitment to the sport on a voluntary basis. I am a current county champion. View my LTA profile [here](#).

CAREER GOALS

- Aspire to become a cybersecurity leader, specializing in penetration testing and web applications.
- Commit to staying ahead of emerging security threats and solutions.
- Seek to explore and master web application and software vulnerability mitigation.
- Aim to deepen expertise in ethical hacking, vulnerability assessment, and application security.
- Strive to lead teams in the development and implementation of proactive cybersecurity

QUALIFICATIONS/ WORK EXPERIENCE
